Teacher's Guide

The History of mankind has been described as a continual series of wars. These charts allow the student to summarize the major wars in United States History. Below are some ways to use this material.

1. Assign to all students and use as a thematic study on wars.
2. Assign as cooperative lesson with each person in the group completing one chart and sharing with others.
3. Assign to groups or individuals as you cover history chronologically and have them report to class.

War Summary Chart
