Index of Intervention Programs and General Intervention Strategies, with Descriptions of Purpose and Developmental Level	xvii
List of Specific Treatment Techniques for Depression and Anxiety, Grouped by Program Component	xxi
1. Understanding Internalizing Problems: Depression and Anxiety in Children and Adolescents	1
Introduction and Overview	1
What Are Internalizing Disorders?	2
<i>Definition</i>	2
<i>Relation to Externalizing Disorders</i>	2
<i>Terminology: Symptoms, Syndromes, and Disorders</i>	3
Four Types of Internalizing Problems	3
<i>Depression</i>	4
<i>Anxiety</i>	7
<i>Social Withdrawal</i>	10
<i>Somatic Problems</i>	11
Overlap of Internalizing Problems	12
Students with Internalizing Problems: Four Vignettes	13
<i>Emma</i>	13
<i>Brandon</i>	14
<i>Jamie</i>	15
<i>Janice: A Teacher's Story</i>	16
<i>The Common Thread</i>	17
Concluding Comments	17
2. How Internalizing Problems Develop and Are Maintained	19
Introduction and Overview	19
Development of Internalizing Problems	20
<i>Biological Influences</i>	20
<i>Family Influences</i>	21
<i>Psychological Stress and Life Events</i>	22

<i>Cognitive Influences</i>	22	
<i>Behavioral Influences</i>	24	
Do Specific Influences Require Specific Interventions?	24	
The Course of Internalizing Problems: Stability and Persistence	25	
Consequences of Internalizing Problems	26	
<i>Diminished Self-Esteem</i>	27	
<i>Academic Problems</i>	28	
<i>Poor Social Relationships</i>	29	
<i>Chronic Mental Health Problems</i>	30	
<i>Substance Abuse</i>	31	
<i>Suicidal Thoughts, Attempts, Completions</i>	31	
Complications: Sorting Out Related Problems	32	
<i>Bipolar Disorders</i>	33	
<i>Attention-Deficit/Hyperactivity Disorder</i>	35	
<i>Conduct Disorders</i>	37	
<i>Substance Abuse</i>	38	
<i>Eating Disorders</i>	39	
<i>Tourette's Disorder</i>	40	
Concluding Comments	41	
3. Guidelines for Assessment and Intervention Planning		42
Introduction and Overview	42	
What Are the Purposes of Assessment?	43	
<i>General Purposes of Assessment</i>	43	
<i>Assessment as a Problem-Solving Process</i>	43	
A Model for Designing Assessments	44	
<i>Assessment Methods</i>	45	
<i>Assessment Sources</i>	46	
<i>Assessment Settings</i>	46	
<i>Best Practices</i>	46	
Recommended Assessment Methods	47	
<i>Behavior Rating Scales</i>	47	
<i>Self-Report Instruments</i>	50	
<i>Interviews</i>	51	
<i>Recommendations</i>	56	
Linking Assessment to Intervention	57	
<i>Progress Monitoring/RTI</i>	58	
<i>Template Matching</i>	59	
<i>Keystone Behavior Strategy</i>	60	
<i>Functional Assessment</i>	60	
From Assessment to Treatment Planning	62	
Assessment, Intervention, and Systems: The "Triangle of Support"	63	
Concluding Comments	68	
4. Social and Emotional Learning: An Important Tool for Promoting Mental Health		69
Introduction and Overview	69	
What Is SEL?	70	
An Example of an SEL Curriculum: Strong Kids	72	
Lesson Overview for Strong Kids: Grades 3–5	74	
<i>Lesson 1. About Strong Kids: Emotional Strength Training</i>	74	
<i>Lessons 2 and 3. Understanding Your Feelings</i>	76	
<i>Lesson 4. Dealing with Anger</i>	76	
<i>Lesson 5. Understanding Other People's Feelings</i>	77	
<i>Lessons 6 and 7. Clear Thinking</i>	77	
<i>Lesson 8. The Power of Positive Thinking</i>	77	

Lesson 9. Solving People Problems	78
Lesson 10. Letting Go of Stress	78
Lesson 11. Behavior Change: Setting Goals and Staying Active	79
Lesson 12. Finishing UP!	79
Supplementary Materials	79
Optional Booster Lesson	80
Practical Suggestions for Using SEL Programs in Schools	80
Prepare Materials and Equipment in Advance	81
Make Adaptations for Unique Needs	81
Provide an Agenda	82
State Expected Behaviors and Develop Simple Rules	82
Plan for Smooth Transitions	82
Deal in Advance with Physical Arrangements	83
Adapt Curricula for Diverse Learners	83
Use Effective Teaching Strategies	84
Concluding Comments	85
5. Comprehensive Intervention Programs for Depression	86
Introduction and Overview	86
Four Comprehensive Intervention Programs	87
<i>The Adolescent Coping with Depression Course</i>	87
<i>The Taking ACTION Program</i>	89
<i>IFT: A Comprehensive, Family-Centered Intervention</i>	92
<i>Interpersonal Psychotherapy for Adolescents with Depression</i>	95
Which Program Is Best?	97
Modifying or Designing Your Own Comprehensive Treatment Program for Depression	98
<i>Which Components of the Program Are Most Important?</i>	99
<i>What Is the Best Group Composition?</i>	100
<i>How Many Sessions Are Enough?</i>	103
Concluding Comments	103
6. Changing Thoughts and Beliefs: Cognitive Therapy Interventions for Depression	105
Introduction and Overview	105
Cognitive Therapy for Depression: An Introduction	106
Step 1. Developing Awareness of Emotional Variability	108
<i>The Emotional Thermometer</i>	108
<i>The Emotional Pie</i>	108
Step 2. Detecting Automatic Thoughts and Identifying Beliefs	110
<i>Thought Charts</i>	112
<i>The Cognitive Replay Technique</i>	112
<i>Thought Forecasting</i>	113
<i>Hypothesizing/Guessing</i>	113
<i>The Down-Arrow Technique</i>	114
Step 3. Evaluating Automatic Thoughts and Beliefs	114
<i>Identifying Cognitive Distortions or Thinking Errors</i>	115
<i>Examining the Evidence: Three Questions</i>	117
<i>Evaluating Positives and Negatives</i>	119
Step 4. Changing Negative Automatic Thoughts and Maladaptive Beliefs	121
<i>Daily Record of Thoughts</i>	122
<i>Triple-Column Technique</i>	122
<i>Reframing and Relabeling</i>	124
<i>Cognitive Rehearsal</i>	124
<i>Increasing Positive Self-Statements</i>	125
Concluding Comments	126

7. Changing Thoughts and Beliefs: Rational-Emotive Therapy, Attribution Retraining, Learned Optimism, and Journal-Writing Strategies	127
Introduction and Overview	127
Disputing Irrational Thoughts: The RET Approach	128
Self-Monitoring and Self-Control Training	131
Attribution Retraining and Learning to Be Optimistic	132
<i>Attribution Retraining</i>	132
<i>Learned Optimism Training</i>	135
Writing It Down: Journal Writing as an Intervention Tool	137
<i>How Often? Where?</i>	140
<i>Structure and Format for Journal Entries</i>	140
<i>Some Practical Considerations</i>	141
Concluding Comments	141
8. Other Strategies for Depression	144
Introduction and Overview	144
Behavioral Interventions for Depression	145
<i>Specific Uses and Advantages</i>	145
<i>Activity Scheduling</i>	146
<i>Operant Conditioning Techniques</i>	148
Emotional Education	151
<i>Identifying Comfortable and Uncomfortable Feelings</i>	152
<i>Learning to Express Feelings: The Incomplete Sentence Technique</i>	154
<i>Identifying and Expressing Feelings: "How Do You Feel?"</i>	155
<i>The Reacting to Emotional Situations Technique</i>	155
<i>Expressing Feelings: A Self-Rating Inventory for Communicating Feelings</i>	157
Interpersonal Problem Solving and Conflict Resolution Training	159
<i>Why Teach Conflict Resolution?</i>	159
<i>Step 1. Learning about Maladaptive Styles of Problem Solving</i>	160
<i>Step 2. Training in Conflict Resolution</i>	161
Social Skills Training	163
Mindfulness Approaches	165
Concluding Comments	167
9. Behavioral Treatments for Anxiety: Systematic Desensitization and Other Techniques	168
Introduction and Overview	168
Overview of Systematic Desensitization	169
<i>Step 1. Relaxation Training</i>	171
<i>Step 2. Development of an Anxiety Hierarchy</i>	175
<i>Step 3. Desensitization (Graded Exposure)</i>	177
Other Behavioral Interventions	180
<i>Modeling</i>	180
<i>Differential Positive Reinforcement</i>	181
<i>Variations on Reinforcement: Shaping and Extinction</i>	183
Concluding Comments	184
10. Skills Training and Other Treatments for Anxiety	186
Introduction and Overview	186
Self-Control Training for Anxiety	186
Self-Instructional Training for Anxiety	188

The "Coping Cat" Program and "C.A.T." Project for Anxious Youth: An Innovative, Comprehensive Treatment Approach	189
The Transfer-of-Control Approach	191
Social Skills Training	193
<i>Skills Deficit or Performance Deficit?</i>	193
<i>Basic Steps in Social Skills Training</i>	194
<i>Training Suggestions for Socially Withdrawn and Anxious Students</i>	198
Concluding Comments	199
11. Finding More Help: Referral Guidelines for Mental Health Counseling, Medications, and Alternative Treatments	200
Introduction and Overview	200
Making Referrals for Mental Health Counseling and Medications	201
<i>When Should I Make a Referral?</i>	201
<i>Who Provides Services?</i>	203
<i>Medical Generalist or a Specialist?</i>	203
<i>How Do I Find a Good Referral Source?</i>	204
<i>What Can I Do to Facilitate the Referral?</i>	204
<i>Whose Financial Responsibility Is It?</i>	205
Using Medications to Treat Children's Social and Emotional Problems:	
Some Basic Issues and Concerns	206
<i>Excessive and Unnecessary Use of Medication</i>	208
<i>Adverse Reactions and Effects</i>	208
<i>Labeling and Stigmatization</i>	208
<i>What If the Parents Are Opposed to Using Medications?</i>	209
Medications for Treatment of Depression	209
<i>Selective Serotonin Reuptake Inhibitors</i>	210
<i>Serotonin-Norepinephrine Reuptake Inhibitors</i>	213
<i>Tricyclic Antidepressants</i>	214
<i>Other Medications for Treating Depression</i>	214
Medications for Anxiety-Related Problems	215
<i>Benzodiazepines</i>	215
<i>Antihistamines</i>	216
<i>Selective Serotonin Reuptake Inhibitors</i>	217
<i>Tricyclic Antidepressants</i>	217
<i>Buspar</i>	218
Alternative Interventions	218
<i>St. John's Wort: Nature's Mood Enhancer?</i>	219
<i>Using Light Therapy to Treat Seasonal Depression</i>	220
Concluding Comments	222
Appendix: Reproducible Worksheets	225
